Mr. Richard Moesch, Head Librarian
Lakeshore Branch Public Library
S.4857 Lakeshore Road
Hamburg, NY 14075

Dear Mr. Moesch:

The U.S. Environmental Protection Agency, (EPA) has completed a time-critical removal action at the Hasbrouck Plastics Site under the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA). The CERCLA Removal Action is located at 1975 Lakeview Road, Hamburg, Erie County, New York.

We appreciate having the public library as the designated administrative record facility for the Hasbrouck Plastics Site. The enclosed record files, along with any future documents relating to technical activities at the site should be placed in the public library and be available for public review. The record files should be treated as a non-circulating reference and should not be removed from your facility.

By providing the public with greater access to these records, we hope that they will be better equipped to comment constructively about site activities and to understand the issues relating to the selection of the response action at the site.

Also enclosed is a fact sheet, "Administrative Records in Local Repositories", to assist you and your staff in answering questions posed by the public concerning administrative records for selection of response actions at Superfund sites. Please feel free to distribute this guide to the public.

To ensure the receipt of the administrative record file; I would appreciate your completion of the attached Document Transmittal Acknowledgment form. Please return this form in the enclosed self-addressed, stamped envelope.

Again, I would like to thank you for your cooperation with the U.S. EPA in serving as a Field Repository. If you have any questions or comments, please contact me at (732) 452-6415.

Sincerely yours,

Kimberly Starger
On-Scene Coordinator
